Sending a clean version with Dan and Tim's edits since we haven't seen additional edits today. Maybe we can touch on this during our call on Monday if Apple and Greg have had a chance to review and have suggestions.

Thanks,

Subject: Texas SIP and permit requirements

Hi all,

I continue to develop this, and I anticipate adding the standard permit section to mirror the PBR section tomorrow, and to add a few details on OOOO/OOOOa (though those won't be the focus of this paper) and to do clean up. In the meantime, I am circulating this version so that you can review the PBR section and overall setup and provide any feedback of where I might be missing the mark.

Thanks!
